HTML

CSS

JavaScript

SwiftUI

Git

PHP

Python

MySQL

Ruby

### Soft Skills :

- Curiosity
- Taking a step back
- Perseverance

### Weakness :

- Difficulty to ask for help

Currently in research at the AFEC school, I am a young web developer aged of 19 years old passionate by developement and the creation of innovating solutions. I am determined to gain skills both in front-end and back-end in order to become an experienced full-stack developer.

With a view evolving in this field, I'm completing the "TP – Développeur(euse) Web et Web Mobile" training which takes place over 9 months and delivers a second-year university level diploma with the RNCP title.

The training is entitled to monetary compensation up to 5000€ + Agefiph compensation of 4000€.

## TRAININGS

### ★ **FULL STACK DEV : FSD56B WITH THE 3WA (09/2024 TO 12/2024)**

- Rediscover web integration by using the following languages : HTML, CSS and JS
- Discover two tools used in full stack dev. : REACT (front-end JS library) and Node.js (environment allowing you to execute JS code in back-end)

### ★ **BOOSTER : LIVE100 WITH THE 3W ACADEMY (JULY TO SEPTEMBER 2024)**

- Learn web integration by using 4 web development languages : HTML, CSS, JavaScript and PHP
- Discover differents tools used in full stack development : Bootstrap (library), Vue.js (framework), MySQL (database management), ERD (entity relationship diagram), OOP and MVC architecture (Model View Controller)

### ★ **APPLE FOUNDATION PROGRAM WITH SIMPLON.CO (02/2024 TO 03/2024)**

- Design a mobile application based on an issue
- Develop an iOS mobile application
- Develop transversal skills that strengthen employability

## EXPERIENCES

### ★ **DISCOVERY INTERNSHIP WITH ADA TECH SCHOOL (NOVEMBER 2023)**

- Discover HTML, CSS and Visual Studio Code
- Discover the typical day of a web developer

### ★ **IMMERSION INTERNSHIP AT A&G SIGNALÉTIQUE (APRIL 2022)**

- Flocking and sanding (a surface)
- Creation of a digital model on Adobe Illustrator
