French : mother tongue

English : B1 level

Hard Skills

HTML CSS JavaScript

PHP Swift SwiftUI

Python MySQL Figma

Soft Skills

- Curiosity
- Taking a step back
- Perseverance

Default

- Difficulty to ask for help

Currently in research at the 3W Academy, I am a young web developer aged of 19 years old passionate by developement and the creation of innovating solutions. I am determined to gain skills both in front-end and back-end in order to become an experienced full-stack developper.

With a view evolving in this field, I plan to complete the "**Formation Développeur Full-Stack en alternance**" which takes place over 12 months and delivers a second-year university level diploma with the RNCP title.

The training is entitled to monetary compensation up to 5000€ + Agefiph compensation of 4000€.

Pace : 3 weeks at the company and 1 week at school.

Trainings

✦ **BOOSTER : LIVE100 WITH THE 3W ACADEMY (JULY TO SEPTEMBER 2024)**
- Learn web integration by using 4 web development languages : HTML, CSS, JavaScript and PHP
- Discover differents tools used in full stack development : Bootstrap (library), Vue.js (framework), MySQL (database management), ERD (entity relationship diagram), OOP and MVC architecture (Model View Controller)

✦ **APPLE FOUNDATION PROGRAM WITH SIMPLON.CO (FEBRUARY TO MARCH 2024)**
- Design a mobile application based on an issue
- Develop an iOS mobile application
- Develop transversal skills that strengthen employability

✦ **WORKING ON MY PROFESSIONNAL PROJECT (2021-2023)**
- Concretize my professional project through companies internships

Experiences

✦ **DISCOVERY INTERNSHIP WITH ADA TECH SCHOOL (NOVEMBER 2023)**
- Discover HTML, CSS and Visual Studio Code
- Discover the typical day of a web developer

✦ **IMMERSION INTERNSHIP AT A&G SIGNALÉTIQUE (APRIL 2022)**
- Flocking and sanding (a surface)
- Creation of a digital model on Adobe Illustrator

✦ **MULTI-SKILLED EMPLOYEE INTERNSHIP AT AUCHAN (NOVEMBER 2020)**
- Facing, shelving, classifying and sorting articles
- Receive the orders
